Ofsted Report

Date of inspection 19th April 2016

Effectiveness of the leadership and management	Good
Quality of teaching, learning and assessment	Good
Personal development, behaviour and welfare	Good
Outcomes for children	Good

Summary of key findings for parents

This provision is good

- The management team is committed and passionate about its roles and responsibilities. It strives for continuous improvement and actively seeks the views of others to support their self-evaluation process.
- Staff have established good partnerships with the host primary school, which helps to support children with their future move. Links with the local authority and Sure Start teachers are also in place to ensure children's individual requirements are fully met.
- Children independently access a wide range of resources and remain engaged and interested in their play. Staff effectively plan a good selection of challenging experiences across all areas of learning.
- Staff ensure parents are well informed about their children's learning and development. Parents receive verbal feedback, attend regular meetings to discuss their children's achievements and are invited to attend stay-and-play sessions.
- Children develop their physical skills, as staff encourage them to explore, investigate and be active in the outdoor play area. Children enjoy climbing over the wooden bridge, swinging on the tyres and using a selection of ride-on toys.
- Children form positive relationships with staff, contributing to them being happy, settled and content.
